

# Spectro KIT

Innovation for checking water quality

## Suitable in many functions

- Aquaculture: Hatchery, Nursery, Growth Out Farm of Fish, Shrimp, Crab, etc.,
- Commercial Aquarium
- Fish Tank
- Swimming pool: Hotel, Resort, etc.,
- Government or private water quality laboratory and services
- Institution Department of Aquaculture, Environment, Ecology, Factory Water Treatment plant, etc.,
- Water Reservoir, Dam, Water supply, etc.,

## Benefits

- Accurate reading machine, phenomenal equipment in field.
- Professional data saver and report with Micro SD Card Support.
- Wi-Fi & Bluetooth online/offline \*available in future update version
- Portable, light weight and easily use.

## Qualification

- Size: 9 x 13 x 8 cm, Weight: 450 grams
- Read result within a second
- LCD Screen
- Save and Retrieve Historical Data
- 4xAA Battery
- AC adaptor: Input- 220 V/Output- 5 VPC
